

2017 SEAOSC Membership Drive

Invite friends and colleagues to become members of the [SEAOSC](#) community and share in the [valuable benefits](#) SEAOSC has to offer.

ELEVATING Professional Careers: Local monthly [dinner meetings, committee meetings](#), and the annual [SEAOC Convention](#) are great opportunities to connect with and learn from other structural engineers as you develop lasting relationships and build your professional network. SEAOSC and SEAOC also recognize member project and service excellence with a highly-regarded annual [awards program](#).

ENHANCING Technical Knowledge: SEAOSC offers timely and relevant educational content through our [dinner meetings, education events, and webinars](#). Receive discounted registration for regularly offered continuing education opportunities to stay up-to-date on the latest technical topics, in addition to significant discounts for publications and a subscription to regional, state-wide and national periodicals.

ENGAGING in the Local Community: Leverage your technical knowledge by joining a [state-wide](#) or [local](#) technical committee, such as the Seismology or Sustainable Design Committees, and help shape the structural engineering landscape, or become a recognized expert and mentor by presenting at an educational program. Also help advocate for our profession by participating in our Image & Public Relations Committee as well as our initiatives such as the [Strengthening Our Cities Summit](#) and [Safer Cities Advisory Program](#).

The **September 6th Los Angeles Fall Welcome Event and Committee Showcase** offers a great opportunity to invite interested friends and colleagues to learn more about the SEAOSC community. The meeting will include committee information booths and a timely and relevant topic. Take a look at photos of our past events at our online [Events Photo Gallery](#).
